

# HSEQ

SANKO GROUP SAFETY MANAGEMENT SYSTEM

## Company Policy

International ocean transportation is the integral part of the world economy and the Sanko Group will continue its role as a leader in the world shipping industry. We strongly commit to achieve safety and environmental excellence in all aspects of our operations and also contribute to the world environmental protection. The under mentioned objectives are essential in achieving this goal.

---

*Safety of Life is paramount*

*Compliance with all International and National Regulations*

*Zero Marine Casualties*

*Zero Pollution Incidents*

---

Above are not only objectives but also commitment by the company. All Sanko Group and its employees on board and ashore are required to make their maximum effort to ensure our HSEQ Policy is effectively implemented and maintained by continual improvement of all group functions through the application of advanced technologies & training and the integration of all employees' understanding of HSEQ Policy under the company's Safety Management System.

J. Tabata / President
